Personal Protection Audit (PPA) Reminder

Stanna Reinke, Office Manager

Thank you to those clients who have already returned their Personal Protection Audit 2008 forms to us! If you have not yet received yours by email or mail to complete, it will arrive one month before your policy renewal.

This simple "Yes/No" form takes only one to two minutes to

complete, but provides us with valuable information in assessing your protection. We can then make sure your assets are covered against loss.

For example, many of our clients are interested in adding Identity Theft Recovery coverage to their homeowners' policy. The PPA makes such policy changes quick and easy. The PPA also provides new policy quotes upon request, and many of you have taken that opportunity and had life, umbrella, and other policies quoted for you.

Thank you for playing such an active role in helping us ensure your insurance needs are met.

Please be sure that any correspondence from Marshall Insurance is not blocked by your email provider. Look for the subject line "Personal Protection Audit" coming your way soon!
